I liked the setting and the plot. Door woman in posh building meets snooty rich business executive. Some of the details of the 9/11 attacks are to vivid. Life in the affected areas did not settle down so easily or quickly. The thing that bothered me the most was the use of the two women's last names during intimate moments. Calling each other Dunbar and Thomas seemed awkward to me. Overall I enjoyed the book and will read more by this author. Mon, 08 Jan 2018 23:54:00 GMT Fetch: an unwilling love story by B.L.
